

THE OVOCOM CONTRIBUTION FEES REMAIN UNCHANGED IN 2015

Each year OVOCOM adjusts its Financial contribution fees for GMP, CC-03 and OVC-04. That way, we can continue to offer our service at market rates.

However, this year OVOCOM has exceptionally decided not to increase the GMP contribution fees for 2015.

The rates applicable in 2014 shall remain applicable for 2015. Also the annual fees for the CC-03 and OVC-04 regulations shall remain unchanged.

Would you like to calculate your GMP contribution fees? Please use our [calculation tool for the GMP-contribution](#), which allows you to simulated your contribution fees in a user friendly way.

Use permitted provided mention of source (OVOCOM).
